WELCOME TO IV WASTE

Beginning today, May 1, Kenner’s new garbage contractor is IV Waste. The schedule for garbage service will be the same as what currently is in place. Residents interested in curbside recycling can register on the IV Waste website, <https://ivwaste.com/kenner/>. There also is an option to order an additional garbage containers.

Residents who have received the IV Waste garbage containers should use those; however, the Ramelli containers can be used until all IV Waste containers have been distributed, a process that will be completed by June 1.

Curbside recycling bins are being delivered to Kenner residents as they register for the service.

Additional information about Kenner garbage and recycling is available under the Kenner tab at the IV Waste website, <https://ivwaste.com>. #KennerProud #IVWaste
