Please make sure you marking them off as the city hits them.

Chad would be really good on working with us with this list as he's already doing with the messages you're sending him by text.

Yes, I will create a spreadsheet everyone can get to on the server. It will be saved in IV WASTE, CITY OF KENNER, HIT CREW.

Jenny, if you have a list I can enter them on the spreadsheet for you.
Just let me know if you need help.
Thanks,

Michele Chaisson

Please note that Jenny is making a list daily for the people that are complaining with trash in their can't that we can't touch.

Can we make a list on the server so she can send it to the hit crew that the city has running around with trailers picking up every day?

Jenny is the one who's dealing directly with the city on this so let's try to make sure we knock it out as they come in.
