Subject: RE: IV Waste MRF tickets

Deborah,

I agree with you 100%. We want to follow the contract and will provide the requested reports.

Please know that IV Waste picked up 55.9 tons of co-mingled recycling in May 2020 from The City of Kenner.

The residents of Kenner registered for 6562 - 35 gallon recycling containers. We also continue to remove the recycling materials from the 18 gallon bins from The City of Kenner.

I will make myself available to meet with you all next week after this storm.

Enjoy your weekend!

Julie

Subject: FW: IV Waste MRF tickets

These tickets are beautiful things, especially after I was told by others that recycling

could not be weighed. (And I believed them.) Once we get past the tropical storm, I would like for the four of us to get together, by Zoom is fine, and go over the reports we are expecting based upon the contract. We want Julie's 1st set of reports to hit it out of the park and set us up for future success all around. A lot of eyes will be on these. Let's show them we were right.

Jamie, will you schedule for us next week after we are back from the storm?
Wednesday or later.

Thanks all.

Deborah
