David

Can you please help out?

I'm going to head out there.

Sidney,

Just an FYI, I made a couple of changes this morning @ the Yard.

1st Attachment : Is where we are Staging the Carts for the Rollout, (this prevents from the Carts being muddy from the original Staging Area, as well as easier maneuverability & efficiency getting the Truckers Unloaded and out). Nic was cool with this.

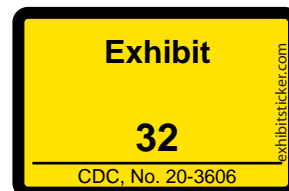

2nd Attachment : Sidney, seeing the dimensions of this Gated Area, looks like you will only be able to fit up to 2 Loads of Carts here, 1,160. Provided we can maneuver the Forklift in here ?

Would you like for us to leave some Carts here in the end ?

Nightly we plan on securing the Carts on the Concrete by blocking them in with the Crews' Full strapped in Delivery Trailers, no accessibility to them. Rest assured there will be little Inventory based on what is coming in and Forecasted to go out.

THX
