Julie - I'll have Richard get this accomplished. The sign in would be similar to the one Santana has access to. I know there are two CartLogic projects - one for St. Bernard Parish and one for the Kenner Project. Do you want a sign in for both?

Richard, Let me know if there are any issues and if Andrew can set him up.

Thanks and everyone stay safe in these odd times.

Hi Bob,

Please provide read only access cart logic to Chad Pitfield. His email address is Cpitfield@kenner.la.us.

Thank you,

Julie

I just talked with Sidney. Can you setup me up with a read-only for Cart Logic so we can try and stay after Luke and getting cans delivered to some of these duplexes and 4-plexes?
